Date: June-2017

To,
The Principal

Subject: Offer for usage of stable and industry proven software - **MyExamo**

About MyExamo: Software having various modules tailored to meet   requirements of any educational Institute.

Salient Features of MyExamo Application:

1. Conduct **unlimited online** MCQ exams
2. Get **free monthly** MyExamo Usage statistics; **helpful for College Accreditation process**
3. Prepare students for **Training and Placement** through our Aptitude Preparation module
4. Make your notes, YouTube/NPTEL videos, study material available to students online
5. Online Assignment Submission
6. Get Feedback of your Teachers from Students
7. Attendance Management module with **smart notification** feature to parents

Benefits of using MyExamo in your Institute:

1. We maintain all the records and build analytical reports beneficial for **College Accreditation Process**.
2. This can be shown to **NAAC/NBA** or other such stakeholders as a new initiative being implemented by your college
3. This software can act as a value addition to **improve performance** at department level, class level, subject level and student level.
4. This software helps to strengthen bond between parents & teachers (College as a whole) by use of parent mobile app which contains attendance and test result notification.
5. This software will help to **improve brand image** of a college.
6. **Years of research** brought to life in building various modules/features of this software is being made available at a **very low cost**.

Respected Sir/Madam,

      With respect to the educational requirements of institutes, we at "ThinkQuotient Software Private Limited" have developed a simple and effective online education system named "MyExamo" for ease & benefit of teachers and students. This enables college to establish their own Online Education System. We are in this research and service activity since 2012 and are already serving 70,000+ students from various prestigious colleges in India.

Costing:

Please contact us for costing.

      Hope you will give us the opportunity to serve you and add a helping hand to empower your education system. Looking forward to your positive response.

      Thanking You,

Akshay Niranjan Paramane

1. Advantages of Implementing Service of MyExamo:

Other than the features enlisted on earlier pages, we have created a Self-service portal. You will not be dependent on MyExamo team for any activities like uploading/editing questions, generating tests, managing student and teacher accounts, creating courses (like NPTEL), sending notices to students, conducting feedback, Assignment management etc.

Thousands of students can login to portal at a time (already tested and proved).

Upload your own MCQs in a click on MyExamo:
1. Simple Question Uploading Process. Questions can be prepared in Microsoft word document, therefore questions with images, multilingual and formulas can be easily uploaded. (Our software supports any image and equation format). Also for uploading images and equations no extra file preparation is required. Excel upload is also supported.
2. New questions can be added to the existing set of questions, so preparing and managing database is ongoing process which in turn increases database quality day by day.
3. Students can report for queries in any question and the details of the particular question and student will be sent to the respective teacher by email. This feature makes your database 100% error free.

For conducting Online MCQ Examination:
1. All permutations and combinations are available for managing tests. Collective result analysis of all subjects is available and downloadable such that teachers don't have to spend any time for collective analysis of subjects and students.
2. Question papers can be downloaded and printable for your college records.

Use 'MyExamo' for Training and Placement and GATE for 3rd and Last Year students:
1. There are more than 4,500 questions on aptitude and 10,000+ questions on GATE and IES from Electronics, Computer, Mechanical, Civil and Electrical Engineering Braches in shared database added by MyExamo which will be useful for students from Placement point of view.
2. You can also add your own questions related to GATE and Aptitude, so that you can use this portal for 3rd and last year students.

Conducting Feedback of Students:

1. We have launched a new, simple and useful feature of 'Feedback', by which you can analyze student's and your teacher's progress.
2. All the analysis is in printable format which will be useful for organization in accreditationprocess.

Student Performance Statistics:
1. Performance statistics of students are available to understand their progress.
2. We constantly keep a record of each and every question solved by student; this information is used to make your database more and more efficient.

Notes and Tutorials:
1. You can create courses like NPTEL, add external links, attach your own documents (in any form such as .doc, .jpg, .pdf, .jpeg, .png, etc.), or upload photos of your handwritten notes for students on MyExamo.
2. Easy Integration of YouTube and NPTEL Videos.

*Upcoming Features***: (Available from August 1st2017)**

1. Advance Attendance System: Effortless Management of Student attendance with statistically accurate reports
2. Parent Mobile Application: Notify Parents about student's progress and attendance.
3. Assignment Submission: Student's assignment submission on MyExamo

2. How to avail our Service

Please follow below procedure to avail our service:

1. Allocate One faculty from your institute for MyExamo (MyExamo Coordinator)
2. Download application form from www.myexamo.com/application
3. Send us the scan copies of form on paramane@myexamo.com / admin@myexamo.com
4. Once we receive your application, we will create portal for your institute and will contact the faculty assigned to MyExamo and will start online training process. You will be able to use MyExamo immediately after training.

3. Regarding Support from MyExamo Team:

We have designed software in such a way that you will not at all require any support, but still we have various support ways available in every teacher account. These are as below:

1.Detailed training session for One MyExamo coordinator

a. MyExamo team will conduct 2 detailed online training sessions for MyExamo coordinator and this session will be conducted through screen sharing software. 2 online trainings will be free, if you want more online training sessions, you will have to pay Rs.500/- per online training session which will be for 2hrs. Said amount has to be paid upfront before the training begins.
b. After that , MyExamo coordinator can educate other teachers in your college.
c. If you want MyExamo trainer to come down to your place for training of your teachers, then you will have to pay Rs.1000/- per trainer per day plus transportation &accommodationcharges as applicable. There will not be any limitation on number of teachers you ask to train to the trainer. Training will be for up to 6 hours per day. Said amount has to be paid upfront before the training begins.

Regular MyExamo support after training:

There are various ways in which MyExamo gives support to all the teachers which uses MyExamo from your institute. These ways are as below:

1. Recorded Videos
2. User Manual in PDF format
3. Huge collection of FAQs (Knowledge Base)
4. Email ids of support Team
5. Contact Numbers of support Team (Only for One MyExamo coordinator of your college)
6. Support Window: Monday-Saturday (6 days) X 8 hours from 10am - 6pm.

6. Customers' Appreciation

Dear Akshay,

This is to certify that 'MyExamo' is a good service provider for conducting online examinations for engineering students. Sinhgad College of Engineering, Pune uses this web portal for conducting the mock online examinations of FE and SE students. It is easy and flexible to upload the question bank on to the web portal. The statistical information of all the subjects in terms of question bank, number of students appearing for practice sessions and the result analysis can be obtained in an easy and effective way by using this web portal.

Dear Akshay,

Thanks for sharing the statistics. These statistics shows that the faculty members and students are motivated for the effective use of the portal.
I congratulate you and the entire team of 'MyExamo' for successful conduction of the Mock
Online Examinations of FE & SE classes as per the academic calendar. Faculties of NBN SSOE and NBN SSOMS also enjoyed working with 'MyExamo'. I must mention that your support was very good In case of difficulties.

We all must work together to make these services better and better. Congratulations and all the best for your future projects.
Regards.

Dear Sir,

I am pleased to inform you that we are using 'MyExamo' for online examination from past six months. 'MyExamo' conducts exams so smoothly that we have not yet faced any issue while conducting our University Exam. Thanks to 'MyExamo' team for continuous support throughout the semester.

Thanks & Regards
Abhinesh Kumar (abhineshkumar05@gmail.com)
Production & Thermal Power Engineer
D.Y. PatilAkurdi Pune

Dear Akshay

We are now at the end of First semester of academic year 2014-15. On the behalf of all FE teachers of Sinhgad College of Engineering I want to thank you for giving us platform of "MyExamo" as a very good tool for conducting mock online examinations and extra online practice of MCQs for the students. We appreciate your efforts of developing such a versatile tool for online examinations which is developed by considering not only the needs of students but also the needs of teachers.

I personally discussed about the 'MyExamo' in our weekly meeting with the teachers of various subjects as well as few groups of students. From that discussion I want to put following points,

From teachers point of view,

1. Uploading the questions is very simple.
2. File format required for uploading is very simple (Word format).
3. Corrections in the questions can be made through admin login while uploading as well as after uploading. Very good secrecy of the questions. No one can copy the questions.
4. Admin (Subject Teacher) can configure multiple tests for practice. The student can appear for these tests as per their convenience from home. All questions can be practiced by students online from home through student login.
5. Uploading tutorials, lecture notes is easily possible, student can download and refer.
6. Teacher admin get direct feedback from student about the problems in solving the questions, so that if the question is really wrong it can be corrected immediately. This feature helped all teachers to refine their question bank.
7. Offline conduction of mock tests by giving students some unexpected question is very effective and helpful for students.

From Students point of view,

1. Easy Registration process.
2. Practice of questions is possible online even on mobile.
3. Get various notices from teachers through 'MyExamo' such as announcement of tests, university examination schedule and so on.
4. If the student has any problem while solving the question, it can be communicated through e mail directly to the subject teacher admin through 'MyExamo'. This feature helped teachers also to correct their question bank time to time.
5. As told by most of the students, extra online practice of MCQs on 'MyExamo' from home or in the laboratories whenever they have time helped them to improve their result.

We have definitely improved our result of University online examinations of Phase I and Phase II by 5 to 10 %, quantitatively as well as qualitatively. by using 'MyExamo'. Since we used this portal for one semester only and we expect more in the coming semester.

Thank you.
Prof.V.K.Chaudhari
(vkchaudhari.scoe@sinhgad.edu)FirstYear
Coordinator
Sinhgad College of Engineering, Vadgaon (Bk), Pune – 411041

Dear Akshay,

The service from MyExamo is very professional and thorough.
It is a full package wherein teachers, students and institute can have maximum benefits that too in Minimal Cost.
The benefits can't be listed; as there are numerous benefits but few that are most beneficial and attractive are:

1. Easiest user interface (very user friendly),
2. The best and super easy question upload facility (for images, equations, texts everything in a single file in single click).
3. The bank has huge count of questions that enables the best practice platform to students (Through mobile or web); I have personally seen the improved results of students.
4. The student to teacher interaction and vice versa is made so easy through feedback management which can be seen/control by institute as well.
5. The last but not the least is that from last 2 years I have seen continuous features upgrade that make system more reliable (the best part is the features list is improving before we could demand).

All these features make this system/service more reliable and best from others that I recommend everyone to use.

Thanks.

Prof. Manoj A. Mulik
Head, Department of Computer Engineering,
AnantraoPawar College of Engineering & Research, Pune
Email: manojmulik@gmail.com Mob: 985-066-2294

Dear Sir,

MyExamo.com, it's awesome, really. I can't say enough about how well it's design to the need of the
Students and Teachers. Our Students are very happy with this portal and they are getting maximum benefits. MyExamo.com has several features like:
Interface: just like university online exam,

Flexibility: we can update/modify and interact at any
Cost: Best facility at nominal cost,
Support: available as and when required,
Portable: we can use on web or mobile app.

I suggest you just try and feel the experience it's awesome
Thanks

Prof. Sandeep G. Shukla
HOD (First Year Engineering)
Guru Gobind Singh College of Engineering & Research Centre, Nashik

7. About Parent Company

ThinkQuotient Software Private Limited (TQ)

We started this majestic company in June 2012 and since then we are constantly doing research in the field of online education and accordingly molding our application with the best development team. To make available latest technology with user friendly application to institute with affordable charges is and will always be the prime Moto of TQ.

We understand that we have the best teaching methodologies and now it needs a support of the technology so that teacher and their excellence will easily be accessible to student. So we offer our clients to merge TQ's best technology with their extra ordinary teaching skills and material to benefit the students.

Our Expertise is in developing best quality Web based solutions in the industry of education and giving constant support.

Our Product: MyExamo

We at "ThinkQuotient Software Private Limited" have developed a simple and effective online examination system named "MyExamo" for ease of teachers and benefit of students.

TQ Team Strength:

We have total strength of 20 people including 18 employees and 2 working directors.

Leadership Team:

1) Pranav Anant Brahme:

Pranav Anant Brahme is the chief technical director of Think Quotient Software Pvt. Ltd. With 12 years of experience; he is responsible for IT and R&D functions of the company. Pranav brings a unique blend of vision, direction, and business strategy acumen to create sustainable, world-class business processes.

Prior to joining Think Quotient Software Pvt. Ltd, Pranav has served customers like Cisco, Zensar and Avaya in US and India locations.

2) Akshay Niranjan Paramane

Akshay Paramane is the chief functional Director of Think Quotient Software Pvt. Ltd with a vision and passion to deliver excellence to his customers. An alumni of Sinhagad College Of Engineering Pune ,

Akshay exemplifies the company's deep rooted culture of maximizing value from the latest technology to address some of the biggest business challenges. His unflinching passion for leading through innovation forms the DNA of ThinkQuotient Software Pvt. Ltd. One of his key skills is to smoothly transform customer requirements into solutions.

Before joining this company Akshay acquired 2 years of educational teaching experience which has helped him drive an in-house product of TQ; MyExamo. This product with his vision is now being used by number of colleges across India.
